

WASHINGTON CONSERVATION SOCIETY

2020 Annual Report

The Washington Conservation Society was formed in 2007. We are a 501(c)(3) entity that accepts tax deductible donations in the memory of notable conservationists who have passed away and provide financial support for conservation programs and education activities. Our mission is to promote natural resource conservation efforts in Washington State by providing a philanthropic center for investments in citizen-led, voluntary-based conservation projects, activities, education, and outreach efforts.

2020 Activities: WCS is excited to announce that we have partnered with Amazon Smile. AmazonSmile is a website operated by Amazon with the same products, prices, and shopping features as Amazon.com. The difference is that when you shop on AmazonSmile, the AmazonSmile Foundation will donate 0.5% of the purchase price of eligible products to the charitable organization of your choice. Designate WCS as your AmazonSmile charity and purchase made from October 1, 2020 thru January 31, 2021 will go towards supporting the Washington State Envirothon.

This year's Leaving a Legacy book will see the induction of at 5 new members. This year's inductees include Chet Templin, supervisor Adams CD; Ed Manary, WSCC; Conard Peterson, supervisor Cascadia CD; Harry Petersen, Thurston CD supervisor; and Alan Stromberger, supervisor Lincoln County CD.

In January we will be launching our Conservation Futures Scholarship. This merit-based scholarship supports college students (entering and current) with a demonstrated commitment to natural resources conservation through their coursework and/or community involvement.

If you are interested in learning more about the Society, please contact one of our Area Directors below or visit us on-line at <http://www.waconservationsociety.org/>.
